TMA-2 MOVE

XE WIRELESS

LIGHT-WEIGHT MODULAR
BLUETOOTH HEADPHONES

MSRP US\$180 | €180 | £160

AIAIAI

After several years collaborating with music creators from all over the world to provide premium audio quality we're expanding on our trusted TMA-2 range and taking this knowledge and applying it to our latest addition, the TMA-2 Move XE Wireless.

Light-weight Bluetooth headphone for every music enthusiast, featuring critically acclaimed sound and award-winning modular design, developed with music creators all across the world.

Signature AIAIAI bio-diaphragm speaker tuned for clarity and detail

Critically acclaimed sound performance implemented from the professional TMA-2 Studio range balancing punchy bass and clear, highly detailed representation.

Lightweight design and sustainability with REPREVE®

Ultra soft on-ear cushions made from recycled materials (including plastic bottles) and lightweight design to prevent excessive warmth and ensure optimal comfort for longer listening sessions.

Bluetooth 5.0 connectivity with +40h playback time

High quality wireless audio via Bluetooth 5.0 with +40h playback time on any Bluetooth enabled device.

Intuitive multi-functional joystick controls

Complete control of music and calls with multi-directional joystick, and dual mics for improved voice quality and clarity.

Responsible modular headphones - designed to last

Upgrade and expand your headphone as technology or needs evolve, to extend the functional lifetime of the product and create less waste for our planet.

Founded in 2006 in Denmark, AIAIAI is an audio company dedicated to developing premium headphones. Our products are trusted for music creativity and in the most vigorous environments, on the road in the studio and on the stage. AIAIAI boasts a world-renowned network of professional music makers as part of its highly collaborative development process.

What's included?

**S10 • BLUETOOTH SPEAKER UNIT**

Bluetooth® speaker units with a diaphragm made from stiff bio-cellulose for more defined high- frequency details, more pronounced mid-range, better dynamics, and more natural tonality.

H01 • HEADBAND

Slim and light-weight polycarbonate headband with soft, durable PU foam padding.

E10 • EARPAS, ON EAR

Ultra soft on-ear, eco-friendly fiber cushions made from REPREVE®

C05 • STRAIGHT 1.2 CABLE

Straight 1.2m thermo plastic cable. Soft touch surface and perfect for small workstations.

A01 • PROTECTIVE POUCH

Designed to protect your headphones from dust and scratches, the A01 protective pouch is made from soft nylon and features a mesh inside. Fits any TMA-2 and Tracks headphone.
