HEIGHT ADJUSTABLE LAPTOP STAND

U96111BL, U96111WH

The UDG Ultimate Height Adjustable Laptop Stand features a height adjustable telescopic laptop shelf that rotates 360° well suited for mobile DJs and electronic musicians. The stand can accommodate laptops up to 19 inch as well as iPads, tablets or a variety of equipment such as controllers, mixers or production gear.

Its 4-prong rotating tray features an anti-slip surface to hold the laptop securely in demanding environments. The stand features a telescopic height adjustment of 23 to 35 cm (9.1 - 13.8 inch) and can be folded flat with no loose parts, offering convenience and portability.

FEATURES

- Accommodates laptops up to 19 inch, iPad, controller, mixer or production gear
- Telescopic height adjustable (23 - 35 cm | 9.1 - 13.8 inch)
- 360 degree rotatable laptop tray
