Don Fisher loves sailing the seven seas in search of nice things. He spends his time fishing all the Bonitos he can. These Bonitos are hand made with the highest quality materials and are fresh and ready to use. Also, their inside is fleshy and full of fishbones, completely irresistible. Each Bonito is different but all of them have the same purpose: keeping your most valuable treasures inside them. They can be used as purses, pencil-cases, key-holders and even pouches.

07

**CAREFULLY HANDMADE**

Each Bonito is made one by one with our hands, from design to the last stitch, which makes each fish a unique piece.

**DISTINCTIVE DESIGN**

Each illustration has been conceived and designed exclusively for each item, giving to each piece a distinctive personality. Don Fisher's captures are fresh, really fresh. All pieces have the same pinkish interior, full of fish-bones.

**ALWAYS NATURAL MATERIALS**

Don Fisher uses natural materials in all their Bonitos. The main material is 100% cotton.

## Levante

71

Don Fisher teamed up with Agni of To:From, natural soy and beeswax candles maker, to create the perfect candle and... turns out there are two perfect candles!

Levante is fresh and crisp, it smells like sea and sand, like a beautiful Summer day.

These candles are 100% handmade by To:From in Barcelona and poured in a reusable tin.

90 ml, burn time 20 hours.

How would a Don Fisher scent be? Would it be sweet, would it be fresh?

Don Fisher teamed up with Agni of To:From, natural soy and beeswax candles maker, to create the perfect candle and... turns out there are two perfect candles!

Levante is fresh and crisp, it smells like sea and sand, like a beautiful Summer day. Poniente is warm, made from orange and rosemary, a classical Mediterranean aroma.

These candles are 100% handmade by To:From in Barcelona and poured in a reusable tin. 90 ml, burn time 20 hours.
