

MAGMA

CATALOGUE 2024

„MAGMA bags are the ultimate in fashion AND function. The design and construction are both next level. The confidence that my gear and records are protected gives me peace of mind that's priceless.“

JIM SHARP (UK)

„This SOLID BLAZE PACK 120 just passed it's first tour with me to Australia. There's easy access to the pockets when I'm in flight and at the show. Last night my needles went south and I was able to quickly access my phase unit without having to dig through multiple pockets and zippers! Big recommendation and a thank you from Uncle Nu!“

DJ NU-MARK (USA)

„Ever since my Mrs. bought me a MAGMA backpack for my digital DJ needs, about 7 years ago, I've been watching the brand rather closely, and truthfully, I love what they're doing over there. They really put thought into what a working/travelling DJ would need. Great quality shit!“

SHORTEE BLITZ (UK)

„What I like most about magma is the versatility and robustness of their bags and backpacks. This makes it a must in my daily displacements and also when I'm on tour.“
