

Scrollino®

The Revolutionary Rewinding Book

A playful, creative and eco-friendly reading format.

Develops Fine Motor Skills

Scrollino® awakes curiosity and imagination, develops intellectual and fine motor skills and invites kids to learn by playing.

No Screen Time, Better Sleep!

Our patented invention - Scrollino® is screen free, engage quality play, stimulate concentration and help kids to sleep better.

Universal Rewinding System

It is just as easy for left-handers to use as right-handers. We designed the Scrollers to work with standard pen and pencil profiles.

No Battery Needed

No electricity is needed to play with Scrollino. Just insert a pencil and turn to unwind stories, activities and games.

Organic and Recycled

We use high-quality recyclable materials of organic origin which allows us to have an ecological and responsible product.

No Plastic Used!

We created a unique production process and banned the use of plastic, starting from the production to the delivery!

Zero Waste

The design and each production step is optimized to minimize waste. We also use cutouts to create new products parts.

Local Manufacturing

Each Scrollino® is carefully crafted in our workshop. Raw materials come from local suppliers labeled FSC, ECF, PEFC and ETV.

Scrollino comes in 2 models

Single Scroller

Dual Scroller

1. PULL ON THE TAB TO OPEN

Scrollino® - Single Scroller - consists of a unique rewinding mechanism (The Scroller), a Scrollino box, and a paper roll to unwind at your own pace. To open the Scrollino simply pull on the tab (Paper Lip) to reveal the activity.

1. INSERT THE PENCIL & TURN

Scrollino® - Dual Scroller - has a 2 rewinding systems (Scrollers). A Scrollino box with a "viewing screen," and a paper roll printed with stories or games. To start enjoying this Scrollino, insert a pencil in the top scroller and turn it clockwise.

2. DISCOVER THE SCROLLINO

Continue pulling down the paper tab little by little for a surprise each time.

3. REWIND WITH A PENCIL

Each Scrollino comes with a wooden pencil. Insert the pencil in the Scroller and turn clockwise to rewind.

2. DISCOVER THE SCROLLINO

Continue turning the pencil to discover the entire story, game or activity.

3. REWIND WITH A PENCIL

Insert the pencil to the bottom Scroller and turn anti-clockwise to rewind.

Scrollino Amazing Christmas

Manufactured Locally in our very own Workshops

Due to its unique format, the Scrollino can't be manufactured by existing machines. We were therefore forced to create our very own tools and find technical solutions to make it possible to produce. We also act on energy

reduction in the manufacturing process. Our raw materials come mainly from the Czech Republic or Germany. By choosing to settle the workshop in Prague, we were able to reduce our footprint by 80%!
