

UNCLE GOOSE®

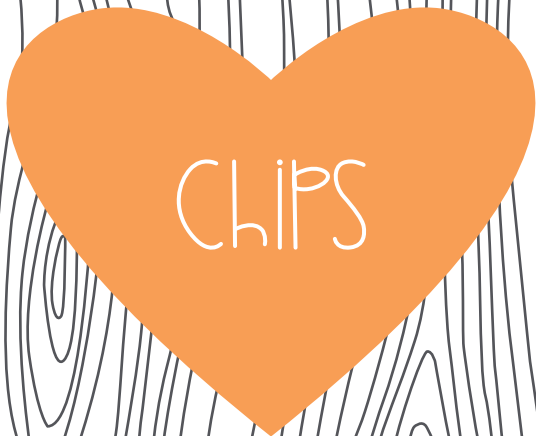

UNCLE GOOSE MAKES WOODEN TOYS AND DECOR.

We handcraft our products in Grand Rapids, Michigan, from fast growing FSC certified basswood trees that thrive in the Great Lakes region.

We started making traditional toys in our family-owned workshop in 1983. A labour of love, we dote on the craft and care it takes to create each block and use only child safe, non-toxic inks, tested to the highest standards.

Environmentally responsible, our wood waste becomes garden mulch. Our shavings? We send them to local stables for horse bedding. Our packaging? We use recycled paper and recyclable film. Our brochures and letterhead? Same deal. Doing right by the environment is embedded in our processes and products.
It's the only way we know.

A fusion of classic and contemporary good design, our tactile, loveable, educational blocks for age 2+ are built to last generations.

CHIPS

Chips - Arrows

Left, right, up, and down. All four ways point to fun in this 64 piece chip set!
Puzzle your way through completing four flowchart patterns in neutral colors.
Or use the arrows, lines, and circles to create your own unique designs.

- 100% Made in the US
- Handcrafted from sustainable Michigan **basswood**
- Non-toxic, mouth safe ink
- 64 - 1.75" chips
- Ages 2+

 **CHIPSARR**
Chips - Arrows

Chips - Collective Nouns

Test your knowledge of 64 different animal collectives. Find a single animal and its name on one side of each chip: see the animal collective and their name on the other. Parade animals around your play area.
